Further Information:

Worthing Churches Homeless Projects (WCHP) started in 1991 when four local Christians took soup, blankets and sleeping bags to the seafront to offer to local homeless people. Today this vital Christian charity has 40 staff members and over 250 volunteers who enable WCHP to provide a range of services, on 4 sites offering opportunities to homeless people to regain independence. Last year we worked with just over 450 individuals.

The work undertaken by Worthing Churches Homeless Projects is crucial. People using the services receive the specialist support they need to enable them to take the first steps back to independent living... As with many other homeless charities, last year brought a cut of 30% in Government funding to WCHP, making the support of local people even more important. If every person living in Worthing were to donate just £10 per year the services would be secure.
